Martin Vega

Web Developer

Hello, I'm Martin Vega, a web developer looking for his first experience in the field. I have been learning coding since 2020. I consider myself decently practiced with Frontend Development (React & TailwindCSS) and really knowledgeable in backend development and SQL/NoSQL queries (Python, ExpressJS, PostgreSQL).

Experience

● **Administrative Role - Rieder S.A.**
6 Months in 2021
I learnt to work in teams, manage my time, communicate and to administrate the financial aspects of the company.

● **Administrative Role - Confirming +**
6 Months in 2024
I primarily managed the bills of the company using many software tools while doing this.
